Hair Net Nylon Black

DHNNB Hair Net Nylon Black With Metal Clip 53cm

The nylon hair net with metal detectable clip is a comfortable and durable accessory for hygiene in food and medical settings, providing reliable protection against hair contamination and easy detection.

Our nylon hair net with metal detectable clip is designed to meet the requirements of food and medical industries where hygiene and safety are critical. The high-quality nylon material provides reliable protection against hair fall, while the metal detectable clip ensures easy detection in case of accidental contamination.

The hair net is designed with comfort and durability in mind, featuring a soft and gentle construction that is comfortable to wear for extended periods. Its sturdy build ensures long-lasting performance and is resistant to tearing or ripping.

- Nylon hair net with metal detectable clip (Code DHNNB)
- Provides reliable protection against hair contamination
- Comfortable and durable design
- Metal detectable clip for easy detection
- Essential accessory for hygiene in food and medical settings
